

Reagan Mozer

CONTACT INFORMATION	Bentley University Morison Hall 396 175 Forest Street Waltham, MA 02452	<i>Office:</i> (781) 891-2267 <i>Cell:</i> (214) 310-3001 <i>Email:</i> rmozer@bentley.edu <i>Website:</i> www.reaganmozer.com
PROFESSIONAL EXPERIENCE	Bentley University , Waltham, Massachusetts <i>Associate Professor</i> (with tenure) Department of Mathematical Sciences <i>Assistant Professor</i> Department of Mathematical Sciences Harvard Graduate School of Education , Cambridge, Massachusetts <i>Visiting Scholar</i> Harvard University , Cambridge, Massachusetts <i>Postdoctoral Research Fellow</i> Department of Statistics, Supervisor: Mark Glickman	2025–present 2019–2025 May 2026–present 2019
EDUCATION	Harvard University , Cambridge, Massachusetts Ph.D. in Statistics, May 2019 Thesis title: <i>New directions for causal inference with complex data in health care, social science, and beyond</i> Advisors: Luke Miratrix, Mark Glickman, and Fabrizia Mealli M.A., Statistics, May 2016 University of Southern California , Los Angeles, California B.S., Applied and Computational Mathematics, May 2014	
GRANTS AND FUNDING	Practical Tools for Large-Scale Evaluation of Text Data in Randomized Trials in Education Institute of Education Sciences (R305D220032) Role: Co-PI with Luke Miratrix and Shireen Al-Adeimi Award amount: \$894,352; Award period: 7/1/2022 – 10/29/2026 Department of Veterans Affairs, VA Bedford Healthcare System, Center for Healthcare Organization and Implementation Research (CHOIR). Intergovernmental Personnel Act (IPA) Mobility Assignment, 2020–2023, 2024–2025, and 2026–2027 (renewed at 20% effort as a standing CHOIR appointment). (Total through 2025: \$96,690) <u>IPA supported in part by:</u> VA HSR&D IIR 21-215 (PI: Fix; \$1,094,523) <i>Developing a Blueprint to Implement Whole Health Clinical Care for Veterans with HIV</i> Award period: 10/01/2023 – 09/30/2026 Role: Co-I (Statistician) VA PEC 13-001 (PI: Bokhour; \$1,800,000)	

Evaluating Patient-centered Care: Patient, Provider and Organizational Views
Award period: 10/01/2020 – 09/30/2022
Role: Co-I (Statistician)

Assessing and Improving Respiratory Healthcare for Veterans with Airborne Hazard Exposures:
Fulfilling the Promise of the PACT Act (AIR PACT)

Department of Veterans Affairs
PIs: Wiener and Jasuja
Role: Co-I and Lead Statistician (20% FTE; subaward to Bentley University)
Status: Submitted June 2026 through the VA Military Exposures Research Program (PACT Act Toxic Exposures Fund); merit review priority score 181, August 2026; funding decision pending. Proposed award period: FY2027–FY2030

How Jurors Use Character Evidence: A Randomized Controlled Trial

Bentley University Research Council
Role: Co-PI with Hillel Bavli
Award amount: \$7,500; Award period: 9/1/2022 – 8/31/2023

HONORS AND AWARDS

2024 Top Cited Article recognition (Wiley), for Rahman et al. (2022), *Suicide and Life-Threatening Behavior*
2023 Outstanding Scholarly Contribution Award, Bentley University
2022 Research featured in *Scientific American* (“Suicides among Black People May Be Vastly Undercounted,” June 2022)
2021 Miller Prize, Society for Political Methodology
2021 Gregory J. Hall Advisor of the Year Award, Bentley University Honors Program
2019 Pickard Teaching Fellow Award, Harvard University Department of Statistics
2018 Jeanne Humphrey Block Dissertation Award
2018–2019 Pedagogy Fellow in Statistics, Harvard University Derek Bok Center
2015–2019 Certificate of Distinction in Teaching, Harvard University Derek Bok Center

SOFTWARE AND COMPUTING

stratsampling: an R package for stratified sampling and model-assisted estimation with surrogate outcomes

rcttext: an R package for planning and analyzing randomized experiments with text-based outcomes

textmatch: an R package for matching text documents and performing quality and balance assessments in studies where covariates and/or outcomes are defined by text (doi: 10.5281/zenodo.2626730)

CONFERENCE PRESENTATIONS

“Stratified Sampling for Model-Assisted Estimation with Surrogate Outcomes”. Coordinated paper session on “Measurement and Considerations with Large Language Models,” Society for Research on Educational Effectiveness, Baltimore, MD. Sep. 2026.

“Stratified Sampling for Model-Assisted Estimation with Surrogate Outcomes” (*Invited*). New England Statistics Symposium, May 2026.

“Stratified Sampling for Model-Assisted Estimation with Surrogate Outcomes” (Poster). American Causal Inference Conference, May 2026.

“Statistical Innovation with Text as Data in Causal Inference Contexts: Emerging Trends and Future Directions”. Joint Statistical Meetings, Portland, OR. Aug. 2024.

“More power to you: Using machine learning to augment human coding for more efficient inference in text-based randomized trials” (*Invited*). American Causal Inference Conference, Seattle, WA. May 2024.

“Matching with Text Data: Methods for matching text documents and measuring match quality in causal analyses” (*Invited*). HiTEc Meeting on Complex Data in Econometrics and Statistics, Cyprus. Mar. 2024.

“Decreasing the human coding burden in randomized trials with text-based outcomes via model-assisted impact analysis” (*Invited*). International Conference on Statistics and Data Science, Lisbon, Portugal. Dec. 2023.

“Decreasing the human coding burden in randomized trials with text-based outcomes via model-assisted impact analysis”. New Directions in Analyzing Text as Data, Amherst, MA. Nov. 2023.

- “Using machine learning to decrease the human coding burden in randomized trials with text-based outcomes”. Society for Research on Educational Effectiveness, Washington DC. Sep. 2023.
- “Using machine learning to decrease the human coding burden in randomized trials with text-based outcomes” (*Invited*). New England Statistics Symposium, Boston, MA. June 2023.
- “Leveraging text data for causal inference using electronic health records” (Co-author, with Aaron Kaufman). American Causal Inference Conference, Austin, TX. May 2023.
- “Bridging human and machine scoring in experimental assessments of writing”. APPAM Fall Conference, Austin, TX. Mar. 2022
- “Bridging human and machine scoring in experimental assessments of writing: Tools, tips, and lessons learned from a field trial in education”. Society for Research on Educational Effectiveness, Virtual. Sep. 2021.
- “Analysis of longitudinal studies with treatment by indication”. International Conference on Health Policy Statistics, San Diego, CA. Jan. 2020.
- “Matching with Text Data: An Experimental Evaluation of Methods for Matching Documents and of Measuring Match Quality”. Harvard Data Science Initiative Workshop on Causal Inference and Machine Learning, Cambridge, MA. Oct. 2018.
- “Matching with Text Data: An Experimental Evaluation of Methods for Matching Documents and of Measuring Match Quality”. New Directions for Analyzing Text as Data, Seattle, WA. Sep. 2018.
- “Matching with Text Data: An Experimental Evaluation of Methods for Matching Documents and of Measuring Match Quality”. Preconference on Politics and Computational Social Science, Boston, MA. Aug. 2018.
- “Matching with Text Data: An Experimental Evaluation of Methods for Matching Documents and of Measuring Match Quality”. Annual Meeting of the Society for Political Methodology, Salt Lake City, UT. July 2018.

INVITED TALKS
& PANELS

- Invited talk “Reading 66,000 Grants at Once: Text as Data for Research on Science and Policy”. Bentley University Center for Integration of Science and Industry Research Seminar, Waltham, MA. June 2026.
- Invited talk “Stratified Sampling for Model-Assisted Estimation with Surrogate Outcomes”. Harvard IQSS Applied Statistics Seminar, Cambridge, MA. Mar. 2026.
- Invited seminar “A Brief Introduction to Causal Inference: The Potential Outcomes Framework”. Bentley University Center for Integration of Science and Industry, Waltham, MA. Feb. 2025.
- Moderator for “From Theory to Practice: Navigating the Path to Actionable AI Solutions” panel at Bentley Global AI Summit, Waltham, MA. May 2024.
- Panelist for “Careers in Academia: A Panel Discussion by NESS NextGen” at New England Statistics Symposium, Storrs, CT. May 2024.
- Invited talk “More power to you: A model-assisted approach for more efficient causal inference in text-based experiments”. Bentley University Mathematical Sciences Research Seminar, Waltham, MA. April 2024.
- Invited talk on “Using machine learning to augment human coding for more efficient inference in text-based randomized trials”. Google Research Causal Inference Discussion Group, New York, NY. Feb. 2024
- Panelist for “Beyond Buzzwords: A Critical Look at Intersectionality in Data Analysis”. Bentley University MLK Day, Waltham, MA. Jan. 2024.
- Invited talk on “Learning from language: New approaches for causal inference with text as data”. Wellesley College Mathematics Department Colloquium, Wellesley, MA. May 2021.

Panelist for “Careers in Data Science” panel at NESS NextGen Data Science Day (Virtual). Nov. 2020.

Invited talk “Recent adventures in causal-ish inference with text as data”. Research Seminar Series at Harvard Institute for Quantitative Social Sciences, Cambridge, MA. Sep. 2020.

Panelist for “Challenges in Data Science” session at NESS Data Science Day, Waltham, MA. Nov. 2019.

Co-organizer and instructor for “Causal inference in medicine: a toolkit for clinicians” workshop at MIT Critical Data, Cambridge, MA. Nov. 2018.

TEACHING EXPERIENCE

Courses taught at Bentley University (as Instructor)

MA 250: Data Visualization

MA 252: Regression Analysis

MA 255: Design of Experiments

MA 706: Design of Experiments for Business (Graduate-level)

PhD 1755: Applied Research Seminar (Graduate-level)

Courses taught at Harvard University (as a Teaching Fellow)

Stat 98: Junior Tutorial

Stat 109: Introduction to Statistical Modeling

Stat 139: Statistical Sleuthing through Linear Models (*Head TF*)

Stat 186: Statistical Methods for Evaluating Causal Effects

Stat 211: Statistical Inference (Graduate level)

Stat 286: Causal Inference and Program Evaluation (Graduate level)

Stat 303: The Art and Practice of Teaching Statistics (Graduate level)

UNIVERSITY & DEPARTMENTAL SERVICE

Bentley University

2026–Present Director, Center for Analytics and Data Science (CADS)

2023–Present Member of the Academic Integrity Council

2023 Member of the Equitable Return to Work PET Project Working Group

2020–2021 Faculty Advisor, Honors Program Capstone

2021–Present Faculty Advisor, Liberal Studies Major - Quantitative Perspectives

2020–2021 Faculty Advisor, Valente Center for Undergraduate Research

Department of Mathematical Sciences

2023–2024 Co-organizer of the Data Analytics Academic Spotlight and mock class sessions

2021–2022 Member of the tenure-track search committee

2021–Present Member of the graduate curriculum committee

2020–Present Member of the undergraduate curriculum committee

PROFESSIONAL SERVICE

Associate Editor, *npj Digital Medicine*, Jan. 2025–present

Member of the 2024–2025 AERA Division D (Educational Measurement and Research Methodology) Award Committee

Proposal reviewer, American Educational Research Association Annual Meeting, 2025

Judge, Undergraduate Statistics Research Project Competition (USRESP), 2024–2025

Member of the 2023 grant review panel for the National Center for Education Research (NCER) at the Institute of Education Sciences

Referee for *Nature Communications*, *Educational Researcher*, *Journal of Research on Educational Effectiveness*, *BMJ Open*, *Journal of Data Science*, *Journal of Educational and Behavioral Statistics*, *Biostatistics*, the *Journal of the Royal Statistical Society (Series B and Series C)*, *Stat*, *JMIR*, *Communications Psychology*, and *Archives of Suicide Research*
